

## Notre Dame School Anti-Bullying Policy

### Principles

'My commandment is this: love one another just as I love you.' John 15:12

### Introduction

Notre Dame is committed to working with students and parents to provide a learning environment that is secure and supportive so that all individuals can develop head, heart and hands, free from fear of ridicule, harassment or physical threat. We aim to create an environment where all members of the school community feel safe, respected and valued. All children have an absolute right to be protected from others who may wish to harm, degrade or abuse them. Bullying of any kind is unacceptable and will not be tolerated at our school. This policy reflects our active commitment to promote and safeguard the welfare of students at our school and rests within the Behaviour Policy of the school.

### Scope

This policy applies only to incidents of bullying which take place on school premises. However, the school has an enduring interest in the welfare and conduct of its students and will respond to any information it receives about bullying outside school.

### Purpose

- To ensure that students, staff, parents and Governors understand what bullying is.
- To ensure that all stakeholders understand the school's approach to bullying
- To promote a general awareness about bullying and to enforce the idea that it will not be tolerated
- To create a framework for students to speak out against bullying and not to be fearful of the consequences
- To reassure parents that bullying will be dealt with in a caring, firm and professional manner
- To provide students with the skills and strategies necessary to deal with bullies.

### Our Statutory duty

The Head Teacher has a legal duty under section 89 Education Inspections Act 2006 to draw up procedures to prevent bullying among students and to bring these procedures to the attention of staff, parents and students. Notre Dame School works within the parameters of this policy and takes cognisance of DfE documentation: 'Preventing and tackling bullying - Advice for Headteachers, staff and governing bodies' July, 2017; Keeping Children Safe in Education (KCSIE, September 2016) and the Equality Act (2010).

### Definition

The Department for Education (DfE) defines bullying as 'Behaviour by an individual or group, usually repeated over a period of time, that intentionally hurts another individual or group either physically or emotionally'.

Bullying will not be tolerated at Notre Dame School and is seen as the misuse of power. The school community has a duty to protect all its members and provide a safe, healthy environment.

### Creating a climate to prevent bullying

While recognising that bullying happens in all schools and within the wider community, parents/carers and students at Notre Dame School are encouraged to report incidents of bullying to any member of staff and be confident that action will be taken as per the school procedures set out below to deal effectively with the victims of, and those responsible for, acts of bullying.
